Sweet, Salty, Sour ,Spicy...the Best Thai Food

We came to NZ as farang, which in Thai means foreigner, and we brought with us our local food, the beautiful flavours of Thai cuisine, to share with you in our new home, New Zealand. We cook food that bursts with the flavours of true Thailand - kaffir lime, lemongrass, ginger, chili, coriander and more.

Our menu is a selection of our favourite dishes from Bangkok's vibrant streetfood scene as well as the food we love to eat at home.

The menu is small because we don't believe in confusing things with lots of dishes that all sound and taste the same. Instead we offer a short list based on what's in season, plus our daily specials.

Many of our dishes are gluten and dairy free and we don't use any MSG! Enjoy your food and drinks with us.
